'City Statistics' er én af de få databaser, vi har adgang til.
Den indeholder data på 3000 byer og byområder fra 150 lande.

Brug den hvis du skal bruge data på økonomi, demografi, husholdninger og arbejdsmarkedet i en by.

Den er let at søge i --- hvis man ved hvordan 😊

Databasen 'City Statistics' – søgning:

Du kan kun downloade data fra 'data download' menuen.

Databasen 'City Statistics' – søgning:

1: Vælg relevante indikatorer fra 'indicators' dropdown-menuen

City Statistics

Home Overview Economy Demography Household Labor Insight Framework Latest Data Data download

Data download

Select datapoints of interest to generate a table suitable for exporting. To export, click within the table to select it, then click the 'Download' button below and choose 'Crosstab'. Be aware that figures may not add to 100% due to rounding. No more than 50 indicators will be displayed or exported at once. For bulk downloads contact your account manager.

Indicators	Selected data	Units	Currency	City	Country	Start Date	End Date	Definition
Total population								

Indicators

- (All)
- Average household size
- Average household size, annual growth
- Consumer price index
- Consumer price inflation
- Dependency ratio of non-working to working age population
- Dependency ratio of non-working to working age population, annual growth
- Dependency ratio of over 64 to working age population
- Dependency ratio of over 64 to working age population, annual growth

2: Vælg dit land fra 'country' dropdown-menuen.
3: 'City' dropdown-menuen viser herefter de byer og byområder, der er data på.
