Her finder du bøger om emnet. De fleste handler om emnet generelt, og har kortere tekstafsnit og/eller tabeller, der handler om det enkelte land.

Her finder du OECDs tidsskrifter og 'working papers' om emnet, der bliver behandlet på højt niveau.

Her finder du databaser og relaterede indikatorer. Søgeresultatet kan indsnævres til et eller flere lande. 'Statistical periodicals' er bogserier, der har statistisk information og tilhørende analyser.

Assessing the efficiency of environmental policy design and evaluation: Results from a 2018 cross-country survey

Ambitious environmental policies are necessary to enable the transition to a greener economy. However, these policies could impose economic burdens on firms through different channels. They may increase business to enter and distort competition.

OECD Economic Outlook

- Volume 2020
 - Volume 2020, Issue 1
- Volume 2019
- Volume 2018
- Volume 2017

The OECD Economic Outlook is the OECD's twice-yearly analysis of the major economic trends and prospects for the next two years. Prepared by the OECD Economics Department, the Outlook puts forward a consistent set of projections for output, employment, government spending, prices and current balances based on a review of each member country and of the induced effect on each of them on international developments.

Coverage is provided for all OECD member countries as well as for selected non-member

Alle publikationer indledes med en beskrivelse, som gør det nemt at til- eller fravælge.

assessment, chapters summarizing each individual country, three to five chapters and an extensive statistical annex with a pt.
